

Welcome!

Welcome to our practice! We want to sincerely thank you for choosing Wilmarth Eye and Laser.

In order to respect your time and schedule please be conscientious of the following points needed to complete a comprehensive eye exam.

- Please fill out all forms prior to arriving at the office.
- Please bring your most current pair of eyeglasses and/or contact lens boxes.
- Please note that in order to obtain contact lenses for our new patients, two separate appointments are made. The initial examination is followed by a second appointment for a “contact lens fit”. We are **legally** required to examine all new patients with new contact lenses on the eyes to insure proper fit.
- You will be dilated at your examination. Please bring a driver with you if you are uncomfortable driving home from your appointment while dilated. Many diseases and conditions can only be detected during a dilated examination.
- Patients under the age of 18 must have a parent or guardian present **throughout** the examination. The parent or guardian **must** remain with the patient at all times.

We look forward to meeting you at your upcoming appointment.

Best,

Stephen Wilmarth, M.D. & the Wilmarth team
